Job Application for Junior Frontend Developer

Dear Mahbub,

About Me

I am delighted to submit my application for the Junior Frontend Developer position posted on Bdjobs.com. As a recent graduate from the United International University with a B.S. in Computer Science, I am confident that my knowledge of frontend developer, experience in backend coding, and precise attention to detail would make me an asset to the team at Programming Hero.

Why Programming Hero?

Nowadays, your company is one of the most fascinating companies in Bangladesh. Yours works impress me a lot and also give me so many reasons to work with you. Your dedication takes you to the higher. In a short time, your company grows up as faster than others. You provide life to those who are dreaming about programming and help them to grow up their dream into a reality

Why Me?

Your listed requirements closely match my background and skills. I have already developed service based e-commerce site using ReactJs.

A Few I Would Like To Highlight That Would Enable Me To Contribute To Your Bottom Line Are:

- Highly Skilled In Designing And Developing of Web Application
- Through Understanding Of Data Structures And Algorithms
- Hands-on Web Application Troubleshooting Experience
- Proven Track Record Of Proper Documentation For Future Maintenance And Upgrades

I have attached my resume, which further details my skills and educational background. Please do not hesitate to reach out if you have any questions about my background. I look forward to the opportunity to speak with you further; thank you for your time and consideration.

Sincerely,

Jobeda Nur Akhi
